

## CONSERVATION FIELD DAY

By Elke R., Annabett B., Carter B., Lily B.

All fifth graders  
In Swain County,  
8 stations  
Giving back to the earth ...

**First,**  
The weather,  
We measured the wind speed.

**Next,**  
Bees,  
Trying the honey  
yum, yum, yay!!!!!!

**After that,**  
The trees,  
We got a Norway spruce,  
Grow to 80 feet,  
Giving air to the earth.

**Then,**  
Park rangers,  
Save the park,  
Help the world,

**Lunch,**

Play, fun, eat.

Tag, capture the flag, sharks and minnows.

**Then,**

We learned about air pollution,

One sock dirty, one sock clean

Its a long story...

**Next,**

We saw the animals,

Alligator, possum named Oscar,

Learned about food web.

**Then Elk,**

Big, hungry creatures,

Touched its skin,

Saw its foot,

Made a life size puzzle!

**Next: Water,**

Amazing seeing water flow,

Erosion... Right before our eyes.

**Finally - right back to our school...MDCS**
