

Mountain Discovery Charter School

1:1 Chromebook Initiative Student/Parent Agreement

Program Mission:

The mission of the MDCS 1:1 initiative (one electronic device for each middle school student) is to ensure that Mountain Discovery students in grades 6 - 8 have regular, equitable access to the digital tools and resources that allow them to be successful 21st century learners. To reach this goal, the school will provide students with digital devices that can expand their learning opportunities beyond the walls of Mountain Discovery Charter School.

Description:

Mountain Discovery has adopted a 1:1 Chromebook program in our middle school, which will provide an electronic device (i.e., Chromebook) to each student for his/her use during the school day. These devices will be issued to students at the beginning of the school year and will be stored in the student's homeroom class.
