The Mountain Discovery Charter School 8th Grade Class is Hosting a Fundraising Raffle to Attend the PeaceJam SE Conference for Social Justice.

- Students will learn from and interact with A Nobel Peace Prize Laureate.
- Students will participate in community service projects in Tallahassee, FL.
- Students will work in diverse groups to learn about current social and environmental issues.
- Prior to attending the conference, we will be learning about and engaging in a service project to help reduce ocean pollution and raise awareness for the growing problem of ocean pollution.

We need your help!

The 8th graders at Mountain Discovery Charter School would appreciate donations of items and services to be raffled in order to raise money so we can attend PeaceJam, an inspiring conference in Tallahassee Florida.

Each donation we receive will serve as a prize for a raffle. The raffle will make the trip affordable for the students to attend the PeaceJam conference.

We appreciate your generosity and support!
