

November is MDCS Kindness Month

The Design Principle for November is **Service & Compassion**. In recognition of this Design Principle, MDCS will be hosting a Kindness Challenge each school day during the month of November. Each day there will be a kindness challenge (give a compliment to a classmate, let someone in line in front of you, smile at 5 people, etc.) for students and staff to complete. In addition, the Fourth Grade class will be hosting a food drive to help needy families in our community.

Kindness challenges will be announced daily on the announcements and a kindness challenge calendar will be included in the Trailblazer Happenings.

MDCS is hosting Kindness Month with support from Kindness for Kate (www.kindness4kate.org), an organization that encourages schools and organizations to engage in kindness, in addition to donating Kindness.

At the end of our challenge, we may be awarded a bench (like the one pictured below) for our school.

Kind Acts Touch Everyone

Ms. Crim and Ms. Lisa look forward to hearing your stories of kindness. Who was kind to you today? How did it make you feel to be kind to someone else? What's something extra you did for someone else today?
